As part of the Act, Section 4 amends the ADA to redefine the term “disability”, by also defining “major life activities” and “being regarded as having such an impairment”. Additionally, it sets forth rules of construction regarding the definition of “disability,” including that:

a) such term shall be construed in favor of broad coverage of individuals under the Act;
b) an impairment that substantially limits one major life activities in order to be a disability;
c) an impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active;
d) the determination of whether an impairment substantially limits a major life activity shall be made without regard to mitigating measures.

The City is committed to creating an environment in which facilities for public meetings and General Information public use are accessible. Furthermore, the City will provide auxiliary aids and services, if necessary, and if such reasonable accommodation can be provided without undue hardship to the City. Requests for such accommodations will require 48 hours notice.

The City has a commitment to ensure equal opportunities for disabled Employees. Every reasonable effort will be made to provide an accessible work environment and additional accommodations as required by the ADA as amended. Employment practices (e.g. hiring, training, testing, transfer, promotion, compensation, benefits, termination, etc.) will be administered in such manner as to not discriminate against disabled Employees as required by the ADA as amended.

Employees or other participants in the City’s programs, services, and activities who feels the City has violated their rights under the ADA as amended may submit written complaints to the ADA Coordinator.

City staff will ensure that disabled persons may participate in and benefit from City programs, services, and activities as required by the ADA as amended.
